about me

My name is Logan, and I am the 2's Assistant Teacher! I'm a passionate individual with a love for both people and pets. I have a beagle and a hedgehog who keep me on my toes.

I have four years of experience working with kids aged 2 to 12, and a decade of volunteering at autism awareness events, I love making a positive impact on others. Currently, I'm pursuing a cosmetology degree, blending my creativity with my professional aspirations.

Outside of work and study, I enjoy the charm of Renaissance festivals and the tranquility of beach visits, where I can find peace and relaxation.
